

## Staff Newsletter Spring 2015

It is a busy spring in our district. I want to ensure that I am providing as much information to you as possible. We are continually reviewing data, visiting classrooms, and adjusting plans to increase our students' learning.

Please see the link to this week's PCSD Governing Board Agenda.

<https://www.boarddocs.com/ut/pcsd/Board.nsf/Public> We have many items that revolve around next year's budget and recent Master Planning Committee recommendations. In an effort to share the many topics involving our district, I will be coming to your building to share information and answer questions. In addition, we will be hosting two community events to further communicate with our parents and community. These "State of the District" Meetings will be held on the following dates:

April 2, 2015 6:00 PM, PCHS Lecture Hall

April 3, 2015 10:00 AM, PCSD District Office

### STEM Endorsement

We have been selected to allow 15 of our PCSD elementary teachers to receive course work to obtain the Utah STEM Endorsement. This opportunity is through the partnership with Utah Valley University and the NAPE Equity Pipeline.

### PCCAPS

As stated previously, we will not be renewing the lease for the PCCAPS building and will be moving it into PCHS facility. We are making preliminary plans to remodel the current PCHS Library.

Leading a district of choice that provides an innovative and excellent education to all students and fosters achievement and success.
