The U.S. Department of Education requires all states to collect information on the ethnicity and race of public school students. The federal government has developed a new way to report ethnicity and race that includes new categories. The changes should provide a more accurate picture of the nation's ethnic and racial diversity.

We are asking parents of our students to fill out a brief form updating this information and return it to the school office. We are required to report to the Utah State Office of Education beginning in the Fall of 2010. Because it will take our personnel some time to enter the updated information into our PowerSchool database, we ask that you return the form before the end of this school year.

If you have questions or concerns, we invite you to check our website for further explanations and FAQ's:
