

Park City School District Future of Learning Survey Final Report

May 20, 2019

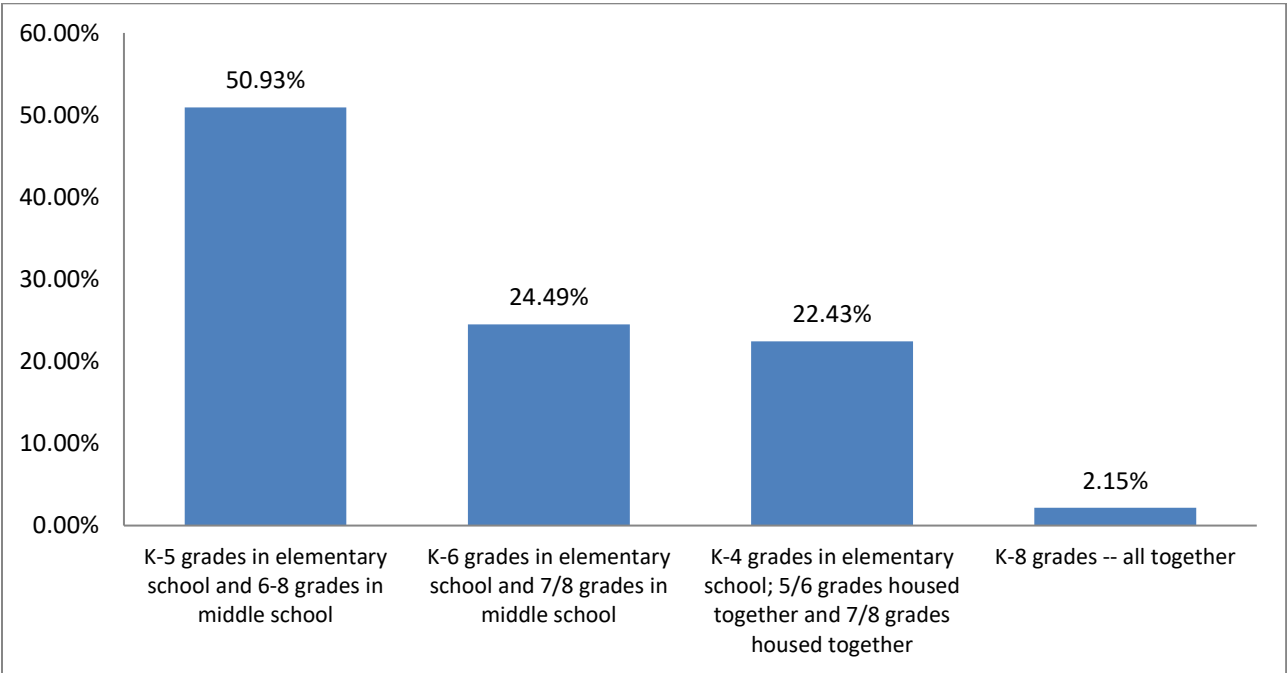

Q1: In regards to Pre-School/Early Learning, do you prefer? (choose one)

- All Pre-school/early learning students housed in one central location
- Pre-school/early learning students housed in their neighborhood elementary schools
- Pre-school/early learning students have a choice between elementary schools or one early learning center that serves the entire district.

Q2: In regards to K-8 education, which grade alignment solution do you prefer?

- K-5 grades in elementary school and 6-8 grades in middle school
- K-6 grades in elementary school and 7/8 grades in middle school
- K-4 grades in elementary school; 5/6 grades housed together and 7/8 grades housed together
- K-8 grades -- all together

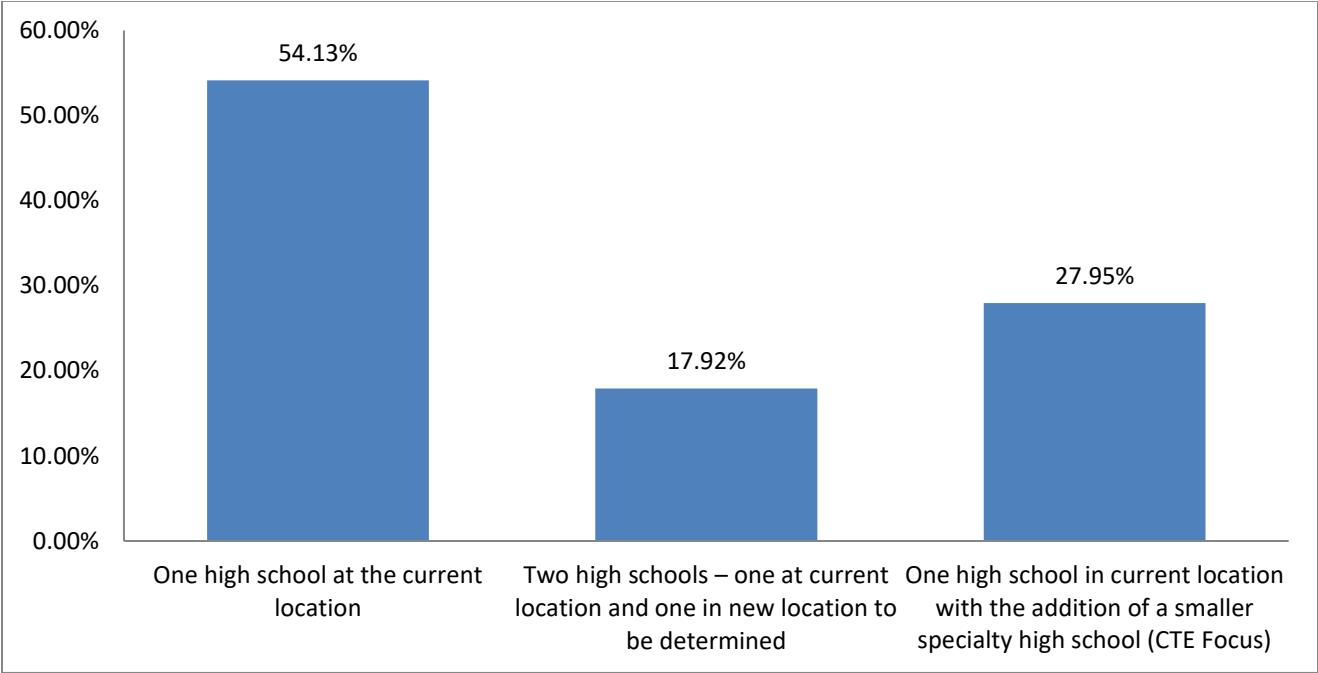

Q3: Do you agree that 9th grade should be included in high school?

Q4: Assuming 9th grade is included in high school, do you prefer:

- One high school at the current location
- Two high schools – one at current location and one in new location to be determined
- One high school in current location with the addition of a smaller specialty high school (CTE Focus)

Q6: How strongly would the overall cost of grade alignment influence your decision? (1 not at all, 5 greatly)

Q7: Please help us with some demographic information. Are you:
